

Sofzsleep™ Contour Pillow

We tend to change our body position during sleeping. A good pillow is one that can adapt perfectly one's individual shape and alleviate any pressure points.

Sofzsleep™ Contour Pillow is **ergonomically designed** to support the head and neck such that the spine maintains a straight and natural horizontal line, thereby **reducing any unnatural bending or pressure**.

It is a unique latex headrest that can **adapt perfectly one's individual shape and alleviate any pressure points**.

Sofzsleep™ Contour Pillow is:-

- Bacteria and house dust mite resistant properties.
- Has millions of microscopic air holes in the pillow allow natural air and moisture ventilation.
- Resilient supportive structure
- No need to fluff pillow
- Durable and does not collapse with use.

All Sofzsleep™ pillows are covered with a natural, anti-bacteria Bamboo cover.

Available size: 60*43*9/11 cm
