

Sofzsleep™ Design Pillow

Sofzsleep™ exclusive design pillow comprises a plurality of **upstanding knobs** which **relax the muscles allowing the head, neck and shoulders to recover from the day.**

The unique design **supports the head and neck in a natural spinal alignment** and **reduces pressure points** by moulding and adjusting itself as you move throughout the night.

Sofzsleep™ design pillow has:-

- Bacteria and house dust mite resistant properties.
- Millions of microscopic air holes in the pillow allow natural air and moisture ventilation.
- Resilient supportive structure
- No need to fluff pillow
- Durable and does not collapse with use.

All Sofzsleep™ pillows are covered with a natural, anti-bacteria Bamboo cover.
